hey there

Hi, I'm Tanel Leigher, a New York native with a passion for capturing the most intimate and unforgettable moments of your wedding day. Photography has always been my safe space—a way to express myself and push beyond my comfort zone to meet new people, evolve my craft, and grow as a person. When it comes to photography, weddings hold a special place in my heart. No two weddings are the same, and neither are the couples I meet, which makes each one unique and exciting to capture. Of course, the dessert table is always a fun bonus!

As my photography journey evolved, I expanded my expertise into product, food and beverage, and lifestyle photography—each of these genres taught me the art of paying attention to the smallest details. Product photography honed my eye for precision and lighting, while food and beverage photography deepened my appreciation for textures, colors, and the beauty in every little moment. Lifestyle photography, on the other hand, allowed me to connect with people on a personal level, capturing their most authentic emotions.

All of these experiences come together in my wedding work, where I focus on delivering the most detailed, dynamic, and heartfelt images. Whether it's the delicate lace on your dress, the candid joy in your guests' faces, or the intimate moments between you and your partner, my background ensures every precious detail is captured with care, elevating your wedding photos to a timeless work of art.

WHAT TO EXPECT *my style*

I pride myself on adapting to any scenario to create images that perfectly align with your vision and style, whether it's vintage, editorial, or modern. Rather than dictating or directing, I take a discreet, observational approach, allowing your day to naturally unfold while capturing genuine moments that tell your unique story.

Instead of stepping in to orchestrate the day, I blend into the moment with a keen eye and a relaxed presence, letting the magic happen naturally while ensuring no special detail or heartfelt interaction goes unnoticed.

Before You Book

The first step is to review my pricing guides, which you can find in this guide.

The next step is to finalize your date and venue. I only accept bookings once these two key details are confirmed. If you already have them set, great! Dive into my guide to see what's in store and start planning the next steps. Once you're ready, shoot me an email, and I'll check my availability for your big day!

DISCOVER SIMPLE WAYS TO KICK OFF YOUR DAY WITH POSITIVITY! CHECK OUT OUR TIPS BELOW.

The most important wedding photos are the ones that help the couple remember the important moments and people from their wedding day. Instead of trying to nail everything on a huge shot list, focus on what's important when it comes to your wedding and when it comes to your particular needs as a couple.

Marriage is a monumental milestone, and these special moments deserve to be captured in a way that reflects your unique journey. With my adaptive, focused approach, I ensure that every memory is preserved with depth and authenticity, delivering top luxury results that will stand the test of time.

The connection we share directly impacts your photos. It's more than just capturing moments—it's about entering a deeply personal and vulnerable space with you. When we genuinely click, when you feel comfortable enough to share a drink with me, that chemistry will shine through in your images, creating timeless, luxurious photographs that truly reflect the essence of your day.

You'll feel at ease, and together, we'll create something truly authentic. Your guests will sense it, too. When your wedding photographer feels like part of the inner circle, your loved ones will trust me just as much, which leads to genuine, heartfelt photos of your day.

The best photos happen when a couple says, "We're excited to let you guide us and capture the real moments!" With my light housing approach, I'll be right there, ready to capture every important moment while also welcoming your input. This ensures you feel heard and seen throughout, and your photos will perfectly capture what you've envisioned.

CREATE A SHOT LIST WITH YOUR PHOTOGRAPHER

You've hired your dream photographer, and it is definitely within their expertise to make sure every moment of the day is captured. That being said, it is a great idea to put together a shot list with your photographer so that you make sure that the two of you are able to check off the essentials.

From the little details, to the venue setup, to couple portraits — these are all examples of photos that will tell the story of your day from start to finish. Let your photographer guide you in creating a shot list together before your wedding day. Also make sure to include important family members or friends in the shot list so that we can keep a look out for what matters most to you.

ALLOW YOUR PHOTOGRAPHER TO GUIDE YOU

Allow your wedding photographer to gently guide you towards natural light and direction that will make you look and feel your best. I'm always open to creative suggestions from my couples, but I also might suggest otherwise if I see that perhaps the shadows from a nearby tree might not be your best compliment in a particular location.

Not feeling comfortable in front of a camera yet? Schedule an engagement session with your wedding photographer before the big day to get used to moving and posing with your partner.

ENJOY THE NIGHT AND HAVE SOME FUN!

Breathe, relax, and stay focused on each other. Do what is right for YOU TWO. Customize your wedding to your love story and what you two want. Sit back and admire all of the hard work that you (and your loving family/friends) have put into your day. Soak it all in. The best is yet to come!

Also, let your photographer capture the beautiful details and decor of the venue from the ceremony room to the reception hall. You deserve every detail preserved!

Share-Ready Collages — Your Wedding, Post-Worthy from Day One

When your gallery is delivered, the work of sharing your day shouldn't fall entirely on you. That's why I create a curated set of share-ready carousel collages — thoughtfully designed, story-driven, and sized perfectly for Instagram and beyond. Each collage is hand-selected from your photos to capture a different chapter of your day: the quiet morning moments, the ceremony, the golden-hour portraits, the celebration. All you have to do is save and post. No scrolling through hundreds of photos trying to pick the right ones, no guessing about sizing or layout — just beautiful, cohesive content that looks as intentional as your wedding itself. It's my way of making sure your photos don't just live in a folder, but actually get seen and celebrated.

FAQ

Do you bring a second photographer?

Whether you want a second photographer is entirely up to you. I shoot many of my weddings solo. I'm very comfortable and confident in my ability to capture most typical wedding days on my own. That being said, there are definitely advantages to having two photographers which I can provide at an additional cost.

How will we receive our photos?

Once your photos are ready, you will receive a link to a password protected online gallery called Pic-Time that has all of the finished photos from your wedding day for you to view and download.

01

02

Are you willing to travel?

Definitely! Travel fees are applied if I'm going over 60 miles, which is charged both ways. Destinations that exceed two hours driving time each way may require overnight accommodations. Please inquire.

How Do I Book A Date?

Booking with us begins once you have your wedding date and venue confirmed. Once those details are set, we can move forward with securing your date by signing the contract. At that time, a retainer is due, which typically ranges from 25% to 30% of the total fee, depending on the contract you choose. Please note that additional fees may apply for payments made with a credit or debit card.
